

Workshops Information

Enhancing Soil Health in the South East of South Australia

The Enhancing Soil Health project is focussed on the three issues of soil acidity, erosion and low soil carbon content. There are four demonstration farms across the South East, looking at these issues in detail. You are invited to attend the first workshop of a three part workshop series, being offered by the South East Natural Resources Management Board this year.

Workshop 1 – see dates below	Workshop 2 - Mid Year	Workshop 3 – February 2011
<ul style="list-style-type: none"> Farm walk and overview of works on demonstration farm 	<ul style="list-style-type: none"> Property management planning with nrmSPACE, a computer based land management tool, facilitated by Sean Miller 	<ul style="list-style-type: none"> Meet at demonstration farm.
<ul style="list-style-type: none"> Glen Bailey to talk on soil carbon content, erosion and acidity in relation to local conditions 	<ul style="list-style-type: none"> Discussion of soil management planning on your farm with Glenn Bailey, discussion of soil test results 	<ul style="list-style-type: none"> Farmwalk and overview of results on this demonstration farm with Glenn Bailey
<ul style="list-style-type: none"> Discussion of local soil management issues, and possible barriers to addressing issues 		<ul style="list-style-type: none"> Discussion of local soil management issues building upon previous discussions, including analysis of barriers to action for soil management issues.

Workshop 1 – All workshops begin at 4pm sharp and include a BBQ dinner

Joanna – Monday 22nd March to meet at Pannell’s Demo Farm

Western Flat – Tuesday 23rd March to meet at Pridham’s Demo Farm

Kyby – Wednesday 21st April to meet at Schinkel’s Demo Farm

Furner Workshop – Thursday 22nd April to meet at Kirkland’s Demo Farm

What to bring – A willingness to share and participate, your soil test results from your farm, and/or a sample of soil from your property to be tested (results will be posted out).

Registration is essential, and bookings will be made on a first come first served basis please contact Tarnya Brooksby, Enhancing Soil Health Project Officer, on:
