

South East Prime Livestock Achievers and Grasslands Society of Southern Australia invite you to the:

## **Biannual pasture update – perennial pastures in a carbon climate**

Wednesday 29<sup>th</sup> February 2012  
8:50am - 4:30pm

Held in the new 12 stand semi circular raised board shearing shed at “Konetta”  
Princes Highway, Greenways, South Australia

The forum will provide an opportunity for producers to gain access to industry information and network in an informal format.

This year the forum will focus on Carbon, Benchmarking and Perennial Pastures with key topics including:

- **Seizing opportunities in Agriculture; local, domestic and international**
- **Carbon Farming - the implication to livestock based systems**
- **Planning a perennial pasture program and matching pastures to soils**
- **Trends for southern livestock**
- **The power of benchmarking**
- **Back to pasture basics**
- **The importance of systems and management**

During the afternoon field session, there will be an opportunity to inspect dryland and irrigated pastures on nearby “Koniak Estate” and to discuss pastures and soils

Entry: \$40 covering lunch and smoko (*SEPLAs/MacKillop Group and Grasslands Society members a discounted price of \$20 applies*)

RSVP: To Krysteen McElroy mb: 0408 655108 email: [mfmfg@bigpond.com](mailto:mfmfg@bigpond.com)

**For further details contact: Penny Craig 0427 573 038**

**“Making more money out of perennial pastures through carbon, benchmarking and matching pastures to soils”**

**Australian Government**  
**Department of Agriculture,**  
**Fisheries and Forestry**

This project is supported by funding from the Australian Government Department of Agriculture, Fisheries and Forestry under FarmReady, part of Australia’s Farming Future, and Meat and Livestock Australia
