

South East Prime Livestock Achievers invite you to the annual:

Social, Learning and Relaxing Robe Weekend

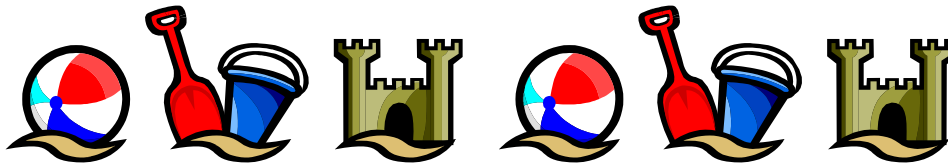

Making your property work for you- Soils, Pastures, Paddocks

Saturday & Sunday
19th & 20th February 2011

This interactive learning opportunity will address the following key topics:

- Future direction of pastures and cropping within the region with guest speakers cover topics of:
 - Perennial pasture options
 - Soils, limitations and opportunities
 - Grain and graze
 - Intercropping and plant primers
- There will be an opportunity to review production within your businesses, allowing one on one time with guest speakers to discuss individual business matters
- Demonstration of nrmFARM, a farm planning tool that enables producers to keep paddock and crop history information, as well as farm quality assurance programs information attached to a map of their farm

Weekend Details

Guest speakers will present on the key topics.
Glenn Bailey – Soils, limitations and opportunities
Felicity Turner – Grain and Graze
